

## **Amit Levi, MD**

### **Curriculum Vitae**

Last Updated August 2019

#### **Personal History**

Santa Monica UCLA Medical Center  
1250 16th Street Suite 2304, Central Wing  
Santa Monica, CA 90404

#### **Education and Training**

- University of Southern California
  - August 2004 to May 2008
  - Bachelor of Arts in Psychology and Political Science
- Post-Baccalaureate Pre-Health Certificate
  - June 2009 to December 2010
- David Geffen School of Medicine at the University of California, Los Angeles
  - July 2012 to June 2016
  - Teaching Fellowship, July 2015 to June 2016
- University of California, Los Angeles, Internal Medicine Internship and Residency
  - June 2016 to June 2019
  - Medical Education Pathway, June 2017 to June 2019

#### **Licensure**

- Medical Board of California, License Number A153304, December 2017
- ACLS/BLS Certification, June 2018

#### **Board Certification**

- Pending, August 2019

#### **Professional Experiences**

- Research Assistant, Friends Research Institute, June 2006 to March 2008
  - Assisted on a research study that investigated the use of behavioral treatment and cognitive-behavioral group counseling on methamphetamine use and sexual behaviors that are high-risk for HIV transmission.
- Study Coordinator, Friends Research Institute, March 2008 to December 2008
  - Managed a research study that evaluated the effects of behavioral methamphetamine treatment and HIV post-exposure prophylaxis on methamphetamine use and HIV seroconversions.
- Research Associate, San Francisco AIDS Foundation, August 2010 to December 2010
  - Managed and enrolled participants in an industry-funded, multisite research trial to evaluate the accuracy and effectiveness of using the Determine HIV test, a

rapid blood-based test for HIV p24 antigens and HIV antibodies, in a clinical setting.

- Clinical Research Coordinator, Stanford University School of Medicine, April 2011 to July 2012
  - Managed and recruited participants for research studies in the department of Obstetrics and Gynecology. I was primarily responsible for two large, multicenter clinical studies on the use of cell-free DNA in maternal blood for the detection of Down Syndrome and other aneuploidies funded by Aria Diagnostics. In addition, I assisted on three studies of the Maternal-Fetal Medicine Units Network (MFMU) funded by NICHD and provided support for other research projects in the division of Maternal-Fetal Medicine.
- Research Associate, Ariosa, May 2013 to August 2013
  - Assisted in obtaining follow-up data for a research study on the use of maternal cell-free DNA in detecting Down Syndrome.
- Group Facilitator – Clinical Foundations, David Geffen School of Medicine, May 2016
  - Lead a small group of upcoming third-year medical students in preparation for their transition to clinical duties.
- Group Facilitator – Problem-Based Learning, David Geffen School of Medicine, August 2017, January 2018, October 2018
- Group Co-Facilitator – Doctoring 1, David Geffen School of Medicine, July 2018 – April 2019

### **Awards and Honors**

- Commendation for Excellence in Medical Student Teaching, November 2016 and May 2017
- Phi Beta Kappa Honor Society, 2008
- Summa Cum Laude, 2008
- Dean's Honors List 2004 to 2008

### **Lectures and Presentations**

- “Un-PrEP-ared: Medical Student Knowledge and Attitudes About Pre-Exposure Prophylaxis (PrEP) for HIV” presented at the 2016 David Geffen School of Medicine Scholarship Day, Los Angeles, California, March 2016
- “Sexual Risk Behaviors of Gay-Identified and Non-Gay-Identified Young Men Who Have Sex with Men on GRINDR” presented at the 2014 Western Student Medical Research Forum in Carmel, California, January 2014
- “Uptake of Spinal Muscular Atrophy (SMA) Carrier Screening: A Retrospective Chart Review” presented at the Society for Maternal-Fetal Medicine 32nd Annual Conference in Dallas, Texas, February 2012
- “What We Don't Know Might Still Hurt Us: The Effects of Unconscious Priming on Triggered Displaced Aggression” presented at the USC Undergraduate Research Symposium in Los Angeles, California, May 2008
- “Selfish Motherhood: Eva's Pursuit of Autonomy in Tillie Olsen's *Tell Me a Riddle*” presented at *Pandora's Box*, the Thematic Option research conference in Los Angeles, California, April 2005

## **Abstracts**

1. Levi, A., Chetty, S., Taylor, J., Aziz, N., Greenberg, M., & Norton, M. (2012). 702: Uptake of spinal muscular atrophy (SMA) carrier screening: a retrospective chart review. *American Journal of Obstetrics and Gynecology*, 1(206), S312-S313
