

CHECKLIST FOR SURGICAL PATIENTS

Did you:

- Call the Procedure & Treatment Unit (PTU) the day before your surgery to find out what time to arrive at the hospital?
- Fill out the "Admission Medication History" and "Medical History" forms completely?
- Follow the guidelines regarding eating and drinking prior to your surgery?
- Bring any pertinent medical records to the hospital?
- Leave all valuables at home?
- Bring a copy of your Advance Directive? (If you have one)
- Inform the PTU staff that you will need a translator?
- Arrange for a responsible adult to accompany you home after your surgery? (Outpatients only)
- Bring the information packet with you to the hospital, including the completed forms and the map?
