

UCLA HIV GRAND ROUNDS

Lecture Series Presented by UCLA CHIPTS & UCLA AIDS Institute

INTRODUCTION:

The aims of the program are to highlight important developments in HIV/AIDS-related research, encourage collaborations between UCLA investigators and invited speakers, interest young investigators in HIV/AIDS research, and provide information about new findings and funding opportunities.

TOPIC:

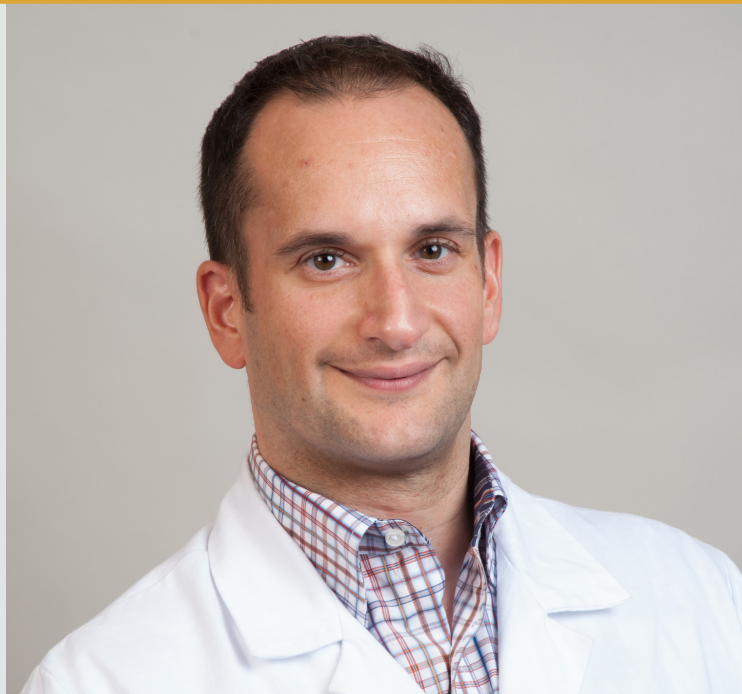

Long-Acting Injectable Cabotegravir for HIV PrEP: What We Know and What We Need To Know

Friday, May 14, 2021 /11:00am to 12:00pm PT
