Faculty Position in Clinical Research

The Department of Anesthesiology & Perioperative Medicine (DAPM) at the David Geffen School of Medicine (DGSOM) is seeking to recruit a board-certified or board-eligible anesthesiologist to serve in a clinical research role with a focus on perioperative physiological closed-loop engineering, perioperative clinical decision support systems, perioperative physiological monitoring, and clinical trial methodology.

Candidates are particularly sought who have the following:

- Strong peer-reviewed publication record and commitment to independent clinical research excellence
- Track record of extramural funding
- Success moving scientific discovery into new research directions
- A collaborative style that fosters and supports teamwork and innovation
- A demonstrated commitment to diversity, equity and inclusion

The DAPM encourages candidates who have experience working with students from diverse backgrounds and to improving access to higher education for disadvantaged students through teaching and mentoring activities to apply. The University of California seeks to recruit and retain a diverse workforce as a reflection of our commitment to serve the people of California, to maintain the excellence of the University, and to offer our students richly varied disciplines, perspectives and ways of knowing and learning.
