ACHA Webinars Presents:

**Living Well With Eisenmenger Syndrome**

Wednesday, May 4, 2016, 7 p.m. – 8 p.m. EDT

**Presenter:**
Ian Harris, MD

**About the Webinar**
Have you been told you have high blood pressure in your lungs, low oxygen levels, cyanosis or blueness, or Eisenmenger Syndrome? If so, you don’t want to miss this webinar. Register today to learn more about ways to improve your quality of life. Dr. Ian Harris, noted ACHD cardiologist, will talk about new and exciting advances in the treatment opportunities for those living with Eisenmenger Syndrome.

**REGISTER NOW:**

**About the Presenter**
Dr. Harris earned his medical degree from UCSF School of Medicine and completed his residency in internal medicine at Barnes-Jewish Hospital. Dr. Harris returned to UCSF Medical Center to complete his cardiology and adult congenital cardiology fellowships, as well as a research fellowship in developmental biology at the UCSF Cardiovascular Research Institute. He is board certified in both internal medicine and cardiovascular disease and is the Director of the ACHD Service at UCSF. He is also a member of the ACHA Medical Advisory Board.

**About the Adult Congenital Heart Association**
The mission of the Adult Congenital Heart Association (ACHA) is to improve and extend the lives of the millions born with heart defects through education, advocacy and the promotion of research. If you would like to find out more about our programming, visit our website, www.achaheart.org. To support ACHA’s mission to improve and prolong the lives of heart defect survivors, you can make a donation on our website.

*This webinar was made possible in part by unrestricted educational grants from Actelion Pharmaceuticals US, Inc. and Gilead Sciences.*
