A VIRTUAL EVENT

June 23-25, 2022

ACHA

9th National Conference

An opportunity for CHD patients, family members, and medical professionals to learn, network, and have fun!

**Patient/Family Member Sessions Include:**
- Panel discussions on PTSD, anxiety, depression, body image, and cognitive and executive function
- Regional conversations to meet other members from your region
- Peer tips, covering issues such as helping your child/children cope with your CHD, surgery as an adult, and aging with CHD

**Medical Provider Sessions Include:**
- Panel on ACHD transcatheter therapy
- Single ventricle Fontan discussions
- Shifting realities and emerging visions for adults with heart failure due to CHD

***Sessions Subject to Change.***
