

Dear Colleagues,

We are proud to share news that UCLA Mattel Children's Hospital placed nationally in all 10 specialties assessed in U.S. News & World Report's 2019-20 Best Children's Hospitals rankings.

This broad excellence in pediatrics highlights the extraordinary commitment of UCLA physicians, nurses, child life specialists and so many other professionals and volunteers who collaborate every day to ensure not only the best possible patient care to critically ill children but also support to families in need.

We are grateful for the ongoing dedication to family-centered care in a compassionate environment and the teamwork reflected in these rankings.

Together, let's continue to strive for even greater results in this and other assessments of performance.

For additional details about the Best Children's Hospitals rankings, see this [news release](#).

With appreciation,

Johnese Spisso, MPA
President, UCLA Health
CEO, UCLA Hospital System

Sherin Devaskar, MD
Physician-in Chief, UCLA Mattel Children's Hospital
Chair, Department of Pediatrics
