

PRE-PLACEMENT EVALUATIONS:

UCLA Health System employees are required to complete a medical evaluation prior to the start of their employment. The appointment should be scheduled at least ten days prior to the anticipated start date. Employees are asked to bring the following to their appointment:

Immunization records (Measles, Mumps, Rubella, Varicella, Hepatitis B and Tdap)

- Copies of any TB skin or blood testing done within the last 12 months
- Copies of any chest x-ray reports done within 3 months of scheduled appointment
- Bring proof of positive TB Test
- Medical documentation if requesting work restrictions and/or accommodations

Immunizations

- **Measles, Mumps, Rubella, and Varicella**
 - Employees are asked to bring Immunization records with documentation of two doses of MMR and Varicella or laboratory evidence of immunity.
 - If unable to provide evidence of immunity or proof of two vaccinations, lab titers will be performed during orientation.
- **Hepatitis B Screening**
 - Immunization records showing proof of three Hepatitis B vaccinations or laboratory evidence of immunity.
 - OHF offers Hepatitis B vaccine if you do not have proof of vaccine or titer for Hepatitis B
- **Tetanus, Diphtheria, Pertussis Vaccine (Tdap)**
 - If you have received Tdap vaccination, please provide documentation. Otherwise, this will be available to you during your appointment.
