MEDICAL  
EDUCATION

Please join us for the [15th Annual UCLA Liver Diseases Symposium](#)! The UCLA Liver Diseases Symposium will provide a state-of-the-art update and scientific exchange on prevalent liver diseases and their complications using a multi-disciplinary approach with hepatologists, radiologists and surgeons.

At the conclusion of this program, participants will be able to:

- identify liver failure milestones in patients with cirrhosis and understand the role of liver transplantation;
- review the pros and cons of Transjugular Intrahepatic Portosystemic Shunts in patients with cirrhosis and portal hypertension;
- discuss updates in the management of patients with viral hepatitis B, C, and D;
- define patients at risk for hepatocellular carcinoma, and utilize serum biomarkers and imaging for its early identification and intervention;
- review the treatment of alcoholic hepatitis and understand controversies associated with early liver transplantation;
- treat non-alcoholic fatty liver disease and employ non-invasive tests for diagnosis;
- discuss the role of palliative care in patients with advanced liver disease.

Video recordings of the 15<sup>th</sup> Annual UCLA Liver Diseases Symposium will be available to all paid (in-person and virtual registrants for 3 weeks following the live conference. This video syllabus will allow all paid registrants to view the conference lectures at their own pace.

We hope you will be able to join us in January! Any questions, please reach out to the UCLA CME Office at [UCLACME@mednet.ucla.edu](mailto:UCLACME@mednet.ucla.edu)

This course is approved for AMA PRA Category 1 credit™.
