

Verification of Residency and Fellowship Training

Overview

Training information regarding physician(s) who have completed their residency and/or fellowship training in the Department of Pediatrics at UCLA is verified for various institutions that require additional credentialing information.

NOTE: UCLA Department of Pediatrics Residency and Fellowship programs no longer require verification fees.

Please contact the following program administrations for assistance with verification requests. Requests will be returned with 24-48 hours (M-F) via e-mail. Our team is unable to return requests via fax.
