New online clinical decision support, professional development, & education solutions!

UCLA Health System has purchased new clinical programs from Lippincott Solutions! Lippincott Procedures, Lippincott Advisor, and Lippincott Professional Development Collection are now available!

You will be able to access all three solutions (including Mobile Apps for Procedures and Advisor) through the same login information.

User Name and Temporary Password: Please contact ychac@mednet.ucla.edu or psmiller@mednet.ucla.edu

Note, you will be immediately asked to reset your password after your first login.
Please note your new password must contain:
- Upper Case Letter
- Lower Case Letter
- Number
- Special Character
Always Current. Always Evidence-Based.

*Lippincott Procedures* is now available for access through your workstation. This point-of-care and point-of-learning tool offers step-by-step procedural guidance to help you keep current with approved standards of care.

With it, you have:

- Instant, 24/7 online access to over 1,700 evidence-based procedures and skills
- Step-by-step, highly detailed instructions
- Quick lists for a high level overview
- Detailed visuals, including full-color art and video clips, which lets you see proper technique first hand.

Access this online resource directly through the *Lippincott Procedures* icon or link on:

- Mednet homepage under *Frequently Used – Clinical Reference*
- Nursing Reporting homepage in *CareConnect*
- Mednet homepage under *Policies & Procedures*

Please take a minute to visit *Lippincott Procedures* TODAY. Be sure to review the introductory course to become familiar with how to get started: [General End-User Training](www.mednet.uclahealth.org)
The Right Answers. Right Now.

To help you meet the challenges you face every day, access Lippincott Advisor—an easy-to-use, evidence-based, online clinical reference. Discover one-click access to facts on current drugs and dosing, diagnostic tests, diseases and conditions, treatments, signs and symptoms, hospital-acquired conditions, core measures, search national guidelines, and create care plans!

Use Lippincott Advisor to…

- Get quick access to the clinical facts you need most
- Save time searching through unreliable websites… there’s no need to log-in, information is available anytime
- Access the health library, a collection of over 30 online evidence-based books on topics such as Oncology, Cardiology, Critical Care, Neurology, Wound Care, IV Therapy, Pain Management, and much more!

Access this online resource directly through the Lippincott Advisor icon or link on:
- Mednet homepage under Frequently Used – Clinical Reference
- Nursing Reporting homepage in CareConnect

Please take a minute to visit Lippincott Advisor TODAY. We’re confident you'll find it a user-friendly quick-consult that you'll turn to again and again. Be sure to review the introductory course to become familiar with how to get started: Advisor General User Training Video.

Also, you can access this online resource via or via the Lippincott Advisor link in the Procedures program (see screen shot below).
Increase Competence. Improve Outcomes.

Lippincott Professional Development provides comprehensive, online, evidence-based nursing education and competency courses, with eligibility for continuing education (CE) units. Delivered in an easy-to-use, interactive format, it is designed to enhance understanding and knowledge retention through the use of tutorials, case studies, questions and answers, and pre- and post-tests.

What can Lippincott Professional Development do for you?

- Build nurse confidence through improved competence
- Optimize nursing performance to improve patient outcomes
- Keep nurses current on changes in healthcare
- Maintain compliance with current national guidelines including the American Association of Critical-Care Nurses, alignment with Joint Commission standards, and Magnet Recognition Program components
- Regularly updated, evidence-based content
- Opportunities for CE units
- Images, charts, and video clips to promote learning and retention

Access Lippincott Professional Development from the UCLA Health Nursing website at www.uclahealth.org/nursing under Nursing Highlights.
