

# Cornerstone Training Guide

## Locate Event Number

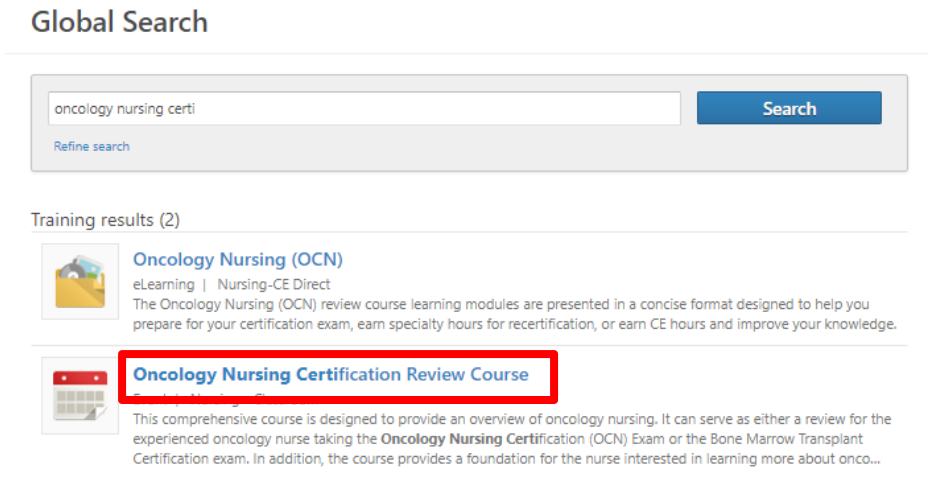

### Introduction

In this scenario, instructors will locate the event number for an event in Cornerstone.

1. Use the **Global Search Box** in the upper right-hand corner to search for an event name.

2. Select the event by clicking on the title.

3. From the Training Details page, select the **Details** tab.

Training Details

**Oncology Nursing Certification Review Course**

Event - Nursing - Classroom - 7 hours, 45 minutes

This comprehensive course is designed to provide an overview of oncology nursing. It can serve as either a review for the experienced oncology nurse taking the Oncology Nursing Certification (OCN) Exam or the Bone Marrow Transplant Certification exam. In addition, the course provides a foundation for the nurse interested in learning more about oncology nursing.

Using your education hours? You must be pre-approved in writing by your unit leadership.
