TIME:

8:00AM - 12:00PM

OVER ZOOM

DESCRIPTION

Preceptor Development is a hybrid workshop that includes eight hours of e-learning modules followed by one four hour in-person session over zoom.

Participants will learn to: bridge cultural and generational differences, define role(s) and expectations (build the foundation), incorporate learning styles and teaching techniques, develop critical thinking, and give/receive feedback.

Participants **MUST** complete the eight e-learning modules in Cornerstone at least three days prior to attending the one four hour session. Participants will be dropped from registration for in-person session if all eight online modules are not completed.

Staff will be paid twelve hours from the mandatory education cost center upon completion of the workshop.

TARGET AUDIENCE

Clinical nurses must have at least one year of work experience at UCLA Health. Experienced, inexperienced, preceptor mentors, and future preceptors are welcome to register.

REGISTRATION

Register for the Preceptor Development – Hybrid Workshop in Cornerstone. Manager approval is required.

CONTACT HOURS

Preceptors will be awarded 11.75 ANCC and 12.5 BRN contact hours for participation in the workshop. No Partial CE credit will be given.
