

ABOUT Xavier Allison:

Xavier Allison has been with the UCLA Health for two years and recently joined the Pathology Facilities Management Team. He was quickly able to pick up on what was needed to assess the equipment and computer needs of all Faculty and staff in a timely manner. Xavier communicates in a clear, concise, and purposeful manner. He also demonstrates a high level of initiative and problem solving skills. Xavier displays a quality of work that reflects high professional excellence.

As a new member of Pathology Xavier has maintained a personal professionalism in his role as equipment analyst. Xavier treats people with dignity and respect at all times. He excels at providing timely feedback to all customers. Xavier is quick to learn new methods, procedures, and techniques. He also makes a valuable contribution to team objectives.

The department truly benefits from his excellent work and contributions.
