

ABOUT Aracely Padilla:

As a female and Spanish speaking employee, Aracely exemplifies one of the attributes regarding diverse voices. She provides different perspectives and experiences to the team. She is also aware of the importance of data protection as far as processing, dissemination, and sharing of data with customers and co-workers. As the fund manager at OAL, Aracely ensures that the data she collects from the lab are protected and are pertinent to her billing. In addition, Aracely has always maintained an open and honest communication with the team. She communicates to the team any issues and any suggestions she have may have to improve the procedures

Aracely shows genuine interest and concern for others; she respects each co-worker and their cultural differences. She protects client confidential information especially working for OAL.
