

# Planning, Design & Construction

SPRING 2016 | VOLUME 01

## Check us out online!

Planning, Design & Construction (PDC) has a new website so you can find out what we're all about. You'll find info on current and upcoming projects plus see many of our completed designs. Take a look at our Process map and see what goes into the work we do. Quick Links will take you to some of our campus partners and help you get to where you need to go.

To submit a project request go to: [uclahealth.org/pdc](http://uclahealth.org/pdc)

## You will be missed...

James (Jim) Montero retired from UCLA Health on June 30, 2016, after spending the last 7 years with PDC. A licensed architect in California, Jim provided PDC with a wealth of knowledge in design and construction for healthcare projects. During his tenure at UCLA Health, Jim successfully completed many complex projects including CASIT at RRUMC and the Lockheed Martin Teleconference Center in 200 Medical Plaza; although he may be best remembered for offering cans of SPAM for a job well done. In retirement, Jim is looking forward to spending time with his wife and three children, as well as working on the next big project - restoration of a '68 Volkswagen Beetle.

Timothy Ebertowski retired from UCLA Health on June 30, 2016, after 6 years with PDC. Timothy enjoyed 29 years on the UCLA campus, starting with UCLA Facilities Department of Project Management and then moving on to the Social Sciences department. Timothy joined PDC to oversee the Santa Monica MOB construction at 1223 16<sup>th</sup> St. He continued to work on multiple tenant improvement projects off campus and at Santa Monica Hospital. Timothy always had a smile on his face, even when his days were "action packed". In retirement, Timothy is looking forward to spending more time with his wife and many four-legged friends.

Jim and Timothy will be greatly missed, and we thank them for their years of service and dedication to UCLA Health.
