[Nancy.weintraub@va.gov](mailto:Nancy.weintraub@va.gov)  
[eatkinsoncook@mednet.ucla.edu](mailto:eatkinsoncook@mednet.ucla.edu)

818-895-9311

**DESCRIPTION**

On this rotation, fellows will participate in several different outpatient experiences and in inpatient wound rounds with the wound team.

**GOALS**

1. The fellow will learn to evaluate and treat female pelvic floor disorders.
2. The fellow will learn to evaluate and treat female urinary incontinence.
3. The fellow will learn the differential diagnosis, staging, evaluation and treatment of Parkinson's Disease and other movement disorders.
4. The fellow will develop competence in the evaluation and care of chronic non-surgical wounds.
5. The fellow will learn to diagnose and treat osteopenia and osteoporosis
6. The fellow will appreciate the interdisciplinary team approach in the prevention and treatment of falls
7. The fellow will learn how to assess the older adult with recurrent falls and appreciate the multifactorial causes that lead to falls
8. The fellow will identify age-related conditions that impact driving ability and increase knowledge on screening and assessing for driving safety by completing an online module
