1st Annual
UCLA Children's Discovery and
Innovation Institute Symposium:
"Catalyzing Interactions in Child Health Research"

Learn about exciting new scientific studies in child health, forge new collaborations with UCLA colleagues, and stimulate translational research team-building for future projects to advance child health research. The UCLA CDI Institute fosters innovation and groundbreaking, multidisciplinary and collaborative research—spanning from molecule to community—with the mission to improve children's health.

May 29, 2014, 8:00 a.m. – 6:30 p.m.
