

**Technology Center for Genomics &
Bioinformatics (TCGB)/
JCCC Genomics Shared Resource (GSR)/
UCLA Integrated Sequencing Center (ISC)**

Open House

**Department of Pathology and Laboratory Medicine
Center for Pathology Research Services
Jonsson Comprehensive Cancer Center
UCLA David Geffen School of Medicine**

**When: 11am – 2pm, Friday, September 15, 2023
Where: 38-123 CHS, 650 Charles E Young Dr South,
Los Angeles, CA 90095**

Lunch is provided

TCGB/GSR/ISC invites you to our first Open House since pandemic. Join us for an informative tour where you will have the opportunity to: 1) explore cutting-edge genomics technologies with the latest advancements, including the most recently acquired **Novaseq X plus, DNBseq T7, BD Rhapsody HT Express, and CosMx SMI**; 2) discover new services and applications in sequencing, single cell multiomics and spatial genomics; 3) engage with Center experts for questions.

We look forward to welcoming you and sharing the exciting world of genomics with you. Please contact Xinmin Li or Hyun Ju Lim via email at sequencing@mednet.ucla.edu for more information. Google “UCLA TCGB” for more than 70 genomics services and rates.

Novaseq X Plus

DNBseq T7

BD HT EXpress
