

GPO RFP Workbook

University of California Health Group Purchasing Organization (GPO) Request for Proposal (RFP)

Recently UC Irvine elected to move to a different GPO (Health Trust Purchasing Group – HPG) than the rest of the UC Health system (who utilize Vizient). The purpose of this Request for Proposal (RFP) is to invite qualified suppliers to prepare and submit a complete response to the University of California, Office of the President (“UCOP”) to provide leading healthcare Group Purchasing Organization (GPO) services under a new contract with

This section presents topics related to system requirements and operational aspects of the system:

The vendor response should be educational and include best practices and quantify potential benefits to UC. Vendors are expected to agree to mutually acceptable success criteria over the life of the contract.

The proposals should include cost information for UC Health's budgetary purposes.
