Research Updates

- **New guidance requires federally-funded research to be Open Access**
 - OSTP Guidance calls for federal agencies to make taxpayer-supported research publicly available immediately (removes optional 12-month embargo)
 - Requires that underlying data be published
 - Federal agencies have until end of 2025 to institute guidance

<https://www.whitehouse.gov/wp-content/uploads/2022/08/08-2022-OSTP-Public-Access-Memo.pdf>

"Lifting the yearlong embargo that some journals have imposed on papers they publish will promote more equitable access to research... The previous policy 'limited immediate equitable access of federally funded research results to only those able to pay for it or have privileged access through libraries or other institutions.'"

Monthly Meetings with Fund Manager

Are they actually required?

Monthly Meetings with Fund Manager

New Funds

- Compare budget with snapshot
- Discuss changes, timing of anticipated expenses
- Approve/initiate transfers, subaward set-ups, etc.

Are sister departments/subawards performing as expected? Are they spending down/invoicing?

Is the project making progress as expected? If not, is carryforward/NCE necessary/allowed?

Existing Funds

- Review financial reports (aka FR's, GL)
- Ensure that recorded expenses are allowable, applicable, complete
- Determine if adjustments need to be made
- Review encumbered items
- Monitor spending rate

Is the effort being charged for personnel accurate? Does it need to change in the upcoming months?

Is that charge applicable? Are there any applicable charges missing? Why is that item still encumbered?

Managing Subawards

- Coordinate with fund manager for set-up
- Ensure that subs are providing expected deliverables
- Insist that subs invoice in a timely manner
 - New, more stringent close-out policies demand that subs invoice in a timely manner, especially for final invoices
 - Consider listing subaward end dates PRIOR to project end date when setting up subs
 - Warn subs that failure to invoice on time = no guarantee of payment
