West Hills Surgical Center opened in 1996 as a safe and convenient, high-quality alternative to inpatient hospitalization. We are fully licensed by the Federal Medicare Program and the Accreditation for Ambulatory Healthcare, a national organization recognized as a leader in ambulatory healthcare accreditation.

Our RN clinical staff is certified in Advanced Cardiac Life Support and Pediatric Advanced Life Support. Anesthesia services are provided by board-certified anesthesiologists specializing in outpatient and pediatric anesthesia.

West Hills Surgical Center is located directly adjacent to UCLA West Valley Medical Center. The campus affords our patients the convenience of hospital, laboratory and ancillary services. Our center is committed to exceeding the highest standards for quality care and patient safety. We measure clinical performance through continuous quality improvement, peer review, and patient satisfaction surveys.

The physicians listed above have privileges at West Hills Surgery Center. They are not employed by UCLA Health.

** Denotes physician with interest in West Hills Ambulatory Surgery Center LLC, a separate entity from UCLA Health. They hold equity in the West Hills Ambulatory Surgery Center LLC and are not employed by UCLA Health.*
