Immunization Checklist

Please use this checklist to help you verify that you have all the necessary paperwork for the health requirements.

COVID-19 Vaccination

☐ Completed series plus boosters.

OR

☐ COVID-19 Vaccine Letter of exemption.

TB – Tuberculosis Test

Medical documentation of a QuantiFERON Gold (also known as t-spot) blood in the last 12 months.

Measles, Mumps, & Rubella

Documentation of 2 doses of MMR or titers that indicate immunity.

Varicella

Documentation of 2 doses of Varicella or titers that indicate immunity.

Tetanus, Diphtheria, Pertussis Vaccine (TDaP)

Documentation showing immunization records of TDaP within the last 10 years.

Flu Vaccine

From November 1st through March 31st, healthcare personnel must either be vaccinated for influenza or wear a mask when in direct contact with patients, providing direct patient service (within six feet), or in a patient room at Ronald Reagan UCLA Medical Center, UCLA Medical Center, Santa Monica, and UCLA Resnick Neuropsychiatric Hospital.

Students and/or instructors are not eligible to receive the free flu shot services provided by UCLA Health or redeem the CVS voucher. Flu shots must be received privately by the student and/or instructor.
