

WHERE DISCOVERY LEADS TO WORLD- CLASS CARE.

UCLA Health is among the most comprehensive and advanced health care systems in the world.

Our mission is to provide state-of-the-art patient care, generate research discoveries leading to new treatments and diagnoses, and train future generations of health care professionals.

4 WORLD CLASS MEDICAL CENTERS:

- Ronald Reagan UCLA Medical Center
- UCLA Mattel Children's Hospital
- UCLA Resnick Neuropsychiatric Hospital
- UCLA Santa Monica Medical Center

MORE THAN 260 CLINICS

offering primary and specialty care services throughout Southern California and the Central Coast.

We enhance access by providing care at

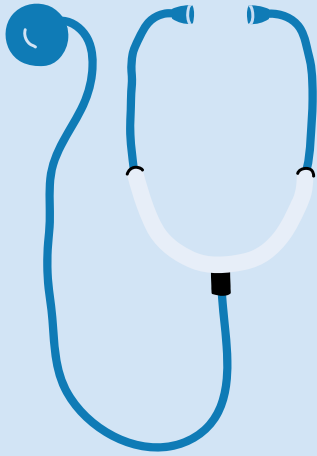

- California Rehabilitation Institute
- 12 immediate care locations
- Homeless Healthcare Collaborative mobile vans
- Numerous affiliate sites and community-based programs including Venice Family Clinic, Harbor-UCLA Medical Center and others

UCLA HEALTH HOSPITALS CONSISTENTLY RANK AMONG THE BEST.

TOP 5 IN THE NATION

in the most recent annual assessment by *U.S. News & World Report*.

FOR 33

CONSECUTIVE YEARS

we have earned a spot on the *U.S. News & World Report* national honor roll of 20 hospitals providing the highest-quality care across multiple areas.

DAVID GEFFEN SCHOOL OF MEDICINE AT UCLA

a leader in medical research and education

Our Annual Impact

3.5
MILLION
OUTPATIENT
CLINIC VISITS

757,200 Unique Patient Visits

73,700 Emergency Department Visits

37,600 Inpatient Hospitalizations

Our People

33,000 Employees

3,500 Clinical and Basic Science Faculty

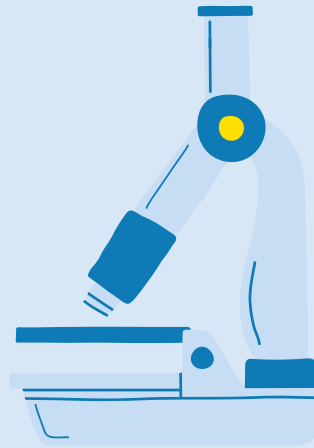

4,700 Registered Nurses

1,300 Medical Residents and Fellows

857 Medical Students

402 Doctoral Students

Innovation & Research

Our doctors and scientists are pioneering work in an astounding range of disciplines.

In the most recent fiscal year, the medical school research program received

\$1.2 **BILLION**
IN AWARDS
INCLUDING

\$570 MILLION FROM THE
NATIONAL INSTITUTES OF HEALTH.

UCLA Health offers access to technology and treatments that may not be available elsewhere.

CANCER CARE:

Since 2003 alone, research conducted at UCLA has resulted in 21 new U.S. Food and Drug Administration-approved cancer treatments. UCLA Health is ranked #1 in cancer care in California by *U.S. News & World Report*.
