UCLA Health

WHERE DISCOVERY LEADS TO WORLD-CLASS CARE.

UCLA Health is among the most comprehensive and advanced health care systems in the world.

Our mission is to provide state-of-the-art patient care, generate research discoveries leading to new treatments and diagnoses, and train future generations of health care professionals.

FOUR HOSPITALS

- Ronald Reagan UCLA Medical Center
- UCLA Mattel Children’s Hospital
- Stewart and Lynda Resnick Neuropsychiatric Hospital at UCLA
- UCLA Santa Monica Medical Center

MORE THAN 270 CLINICS

offering primary and specialty care services throughout Southern California and the Central Coast.

We enhance access by providing care at

- California Rehabilitation Institute
- 12 immediate care locations
- Homeless Healthcare Collaborative mobile vans
- Numerous affiliate sites and community-based programs including Venice Family Clinic, Harbor-UCLA Medical Center and others

UCLA HEALTH HOSPITALS CONSISTENTLY RANK AMONG THE BEST.

#1 IN CALIFORNIA AND #1 IN LOS ANGELES*

in the most recent annual assessment by U.S. News & World Report.

FOR 34 CONSECUTIVE YEARS

we have earned a spot on the U.S. News & World Report national honor roll, a distinction reserved for the relative few providing the highest-quality care across multiple specialties.

DAVID GEFFEN SCHOOL OF MEDICINE AT UCLA

a leader in medical research and education

*Tied for #1 ranking
Our Annual Impact

3.6 million outpatient clinic visits

787,100 unique patient visits

79,500 emergency department visits

38,500 inpatient hospitalizations

Innovation & Research

Our doctors and scientists are pioneering work in an astounding range of disciplines.

In the most recent fiscal year, the medical school research program received

$1.1 billion in awards including

$525 million from the National Institutes of Health.
