David Geffen School of Medicine

CASIT

Center for Advanced Surgical and Interventional Technology

The Advanced Surgical Skills for Exposure in Trauma (ASSET) course uses human cadavers to teach key surgical exposures in the neck, chest, abdomen, pelvis, and both upper and lower extremities of anatomic structures that, when injured, may pose a threat to life or limb.

Audience: Mid-level and senior surgical residents, trauma and acute care fellows, and any surgeons who wish to review this anatomy.

CONTINUING MEDICAL EDUCATION CREDIT INFORMATION

Accreditation

The American College of Surgeons is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA PRA Category 1 Credits™

The American College of Surgeons designates this live activity for a maximum of 6 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the AMA PRA Category 1 Credits™ listed above, a maximum of 5 credits meet the requirements for Self-Assessment.

Of the AMA PRA Category 1 Credits™ listed above, a maximum of 6 credits meet the requirements for Trauma/Critical Care.
