

ACHA Webinars Presents:

Living with Congenitally Corrected Transposition of the Great Arteries

Wednesday, November 12, 2014, 7 p.m. – 8 p.m. EST

**Presenter:
Yuli Kim, MD**

About the Webinar

Do you have congenitally corrected transposition of the great arteries (CCTGA)? If so, you don't want to miss this webinar. Dr. Yuli Kim, ACHA cardiologist, will discuss surgical and medical treatments for CCTGA, as well as long-term issues affecting those living with this congenital heart defect. Register now and learn how to live life fully.

About the Speaker

Yuli Kim, MD, is the medical director of the Philadelphia Adult Congenital Heart Center, a joint program of the Children's Hospital of Philadelphia and the Hospital of the University of Pennsylvania. She completed a residency in internal medicine at Johns Hopkins Hospital and a fellowship in cardiovascular medicine at the Cleveland Clinic before subspecialty training in adult congenital heart disease with the Boston Adult Congenital Heart program. She has been at the Philadelphia Adult Congenital Heart Center since 2010. Dr. Kim is a member of the ACHA Medical Advisory Board.

About the Adult Congenital Heart Association

The mission of the Adult Congenital Heart Association (ACHA) is to improve and extend the lives of the millions born with heart defects through education, advocacy and the promotion of research. If you would like to find out more about our programming, visit our website, www.achaheart.org. To support ACHA's mission to improve and prolong the lives of heart defect survivors, you can make a donation on our website.

This webinar was made possible in part by unrestricted educational grants from Actelion Pharmaceuticals US, Inc., Gilead Sciences, St. Jude Medical Foundation and AstraZeneca.
