Garth Brandal, MD

Garth Brandal was born and raised in Seattle, Washington. He completed his undergraduate education at Whitman College and graduated with a degree in biochemistry. Following college, he returned to Seattle and worked on clinical research projects at the University of Washington. Garth went to the Midwest for medical school, attending the Medical College of Wisconsin. After medical school, Garth moved to Los Angeles and completed his internship at the UCLA Department of Surgery. Following residency, he intends to continue his training with a fellowship in neuroradiology. Garth is honored by and excited for the opportunity to serve with Kristen, Lindsey, and Brian as a Chief Resident. He looks forward to working with his co-residents to continue to maximize the training experience at UCLA.

Brian Dubin, MD

Brian was born and raised in Chicago, IL. He graduated with honors in Anthropology from Northwestern University. After graduation, Brian worked as an analyst at Press Ganey Associates in Evanston, IL. He then attended Northwestern University Feinberg School of Medicine and was inducted into Alpha Omega Alpha honor society. After graduating from medical school, Brian completed an intern year in Internal Medicine at Advocate Illinois Masonic Medical Center. Following residency, he intends to pursue a fellowship in Breast Imaging. As chief resident, Brian plans to increase awareness of resident contributions within radiology, promote access to personalized educational tools, and expand opportunities for residents to access our accomplished UCLA alumni network.

Kristen Olinger, MD

Originally from St. Louis, Missouri, Kristen received her bachelor's degree in Molecular and Cell Biology from the University of California, Berkeley. Kristen remained in the Bay area for an additional year following college to complete research in cognitive neuroscience and functional MRI with the Gazzaley Lab at UCSF. After deciding upon a warmer, sunnier location for her postgraduate training, Kristen traveled to Southern California where she received her medical degree at UCLA and completed a preliminary internal medicine internship at Kaiser Permanente Los Angeles Medical Center. Following residency, she will pursue an Abdominal Imaging fellowship at UNC Chapel Hill. Kristen is excited and honored to work as a resident advocate alongside Lindsey, Brian and Garth for the 2018-19 academic year. She looks forward to supporting resident education, research and camaraderie, in hopes that all residents have a memorable residency experience at UCLA.

Lindsey Storer, MD

Lindsey Storer was born and raised in Redondo Beach, California. Lindsey graduated *summa cum laude* from UC Santa Barbara earning a bachelor's degree in Biochemistry/Molecular Biology. She ventured to the east coast for medical school and graduated *summa cum laude* from Boston University where she was inducted into Alpha Omega Alpha. Deciding she'd had enough of the cold, she returned to Southern California to complete her transitional year internship at Harbor-UCLA. After residency, she will pursue a fellowship in Breast Imaging. Lindsey is honored to serve as chief with Brian, Garth, and Kristen and looks forward to supporting residents as they continue their graduate medical education.
