

Getting Started

- Select your device

- Computer/laptop with web camera

- No download is necessary

- Smart phone or device

- Download the Zoom App from the iTunes or Google Play app store

- Ensure that you have good connection

- Can you watch a video from Youtube on your laptop/device? If yes, then your connection can handle a Telehealth appointment!

Test – Computer/Laptop

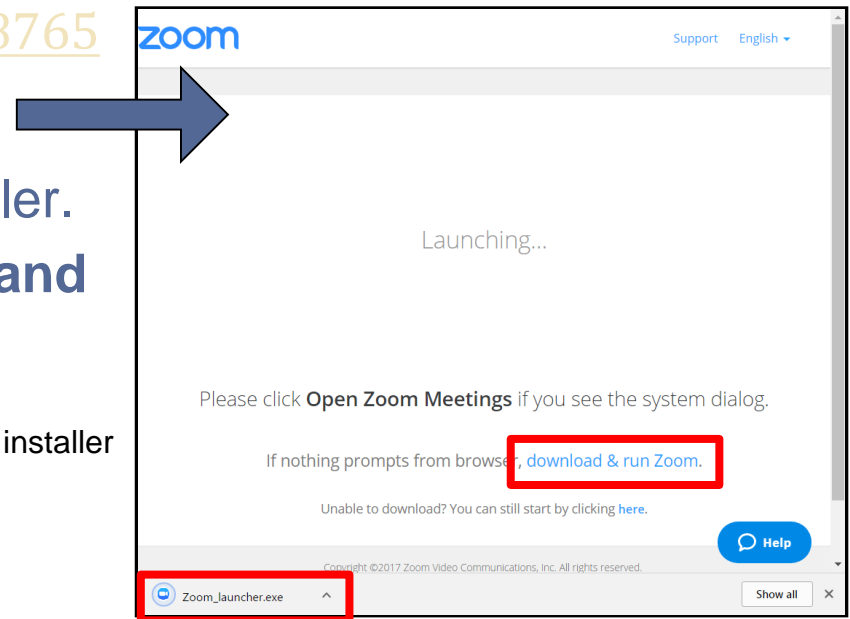

1. Click on this link to **test** Zoom from your computer or laptop:

<https://uclahealth.zoom.us/j/7198765128>

2. When prompted, launch the installer. You can also click on **Download and Run** at the bottom of the page.

- If you clicked **Download and Run**, open the Zoom installer from your Downloads and click **Run**

3. Connect to audio through your computer and start your video to begin your virtual appointment.

Test – Smart Device

1. Click on this link to **test** Zoom from your smart device:

<https://uclahealth.zoom.us/j/7198765128>

2. You will be launched into the virtual meeting automatically. Make sure to enable audio and video connection.

Your Telehealth Appointment

On the day of the appointment, please click on the **Zoom** link from your email or calendar invite on your laptop/computer or smart device.

Hi there,
