

**ACHA Webinars Presents:**

***Living with Pulmonary Arterial Hypertension in Adult Congenital Heart Disease***

Monday, September 29, 2014, 7 p.m. – 8 p.m. EDT

**Presenter:  
Ian Harris, MD**

**About the Webinar**

Are you an adult congenital heart disease (ACHD) patient with pulmonary arterial hypertension (PAH) or high blood pressure in your lungs? Do you know what this means? For answers to these questions and others, you won't want to miss this webinar. Register now to listen to ACHA Medical Advisory Board member and ACHD cardiologist Dr. Ian Harris discuss what's new in the understanding of PAH and in its treatment. You'll learn how to improve the quality of your life and live your life to the fullest.

**REGISTER NOW:**

**About the Speaker**

Ian Harris, MD, earned his medical degree from UCSF School of Medicine and completed his residency in internal medicine at Barnes-Jewish Hospital. Dr. Harris returned to UCSF Medical Center to complete his cardiology and adult congenital cardiology fellowships, as well as a research fellowship in developmental biology at the UCSF Cardiovascular Research Institute. He is board certified in both internal medicine and cardiovascular disease and is the director of the ACHD Service at UCSF.

**About the Adult Congenital Heart Association**

The mission of the Adult Congenital Heart Association (ACHA) is to improve and extend the lives of the millions born with heart defects through education, advocacy and the promotion of research. If you would like to find out more about our programming, visit our website, [www.achaheart.org](http://www.achaheart.org). To support ACHA's mission to improve and prolong the lives of heart defect survivors, you can make a donation on our website.

**This webinar was made possible in part by unrestricted educational grants from Actelion Pharmaceuticals US, Inc., Gilead Sciences, St. Jude Medical Foundation and AstraZeneca.**
