

ACHA Webinars Presents:

What Every CHD Patient Needs To Know about Pregnancy

Wednesday, March 11, 2015, 7 p.m. – 8 p.m. EST

Presenter:

Richard Krasuski, MD

About the Webinar

Although many women with congenital heart disease (CHD) can have a successful pregnancy, for some, pregnancy carries a risk. Do you wonder about your chances? If you want to learn more, you don't want to miss this webinar. Dr. Richard Krasuski, ACHD cardiologist, will talk about the management (and challenges) of a successful pregnancy. Register today.

About the Presenter

Dr. Richard Krasuski is Director of the Adult Congenital Heart Disease Center and a staff cardiologist in the Section of Clinical Cardiology, the Robert and Suzanne Tomsich Department of Cardiovascular Medicine, at the Sydell and Arnold Miller Family Heart & Vascular Institute at Cleveland Clinic. Prior to his 2005 appointment to Cleveland Clinic, Dr. Krasuski served as an officer in the United States Air Force at Wilford Hall Medical Center in Texas. During that time, in 2004 he was voted Researcher of the Year at Wilford Hall Medical Center and in 2005, he was the youngest physician ever recognized for the *Gold Headed Cane Award* for academic, clinical and research expertise. Dr. Krasuski is a Fellow of both of the American College of Cardiology (ACC) and the American Heart Association (AHA), and currently serves on the ACHA Medical Advisory Board.

About the Adult Congenital Heart Association

The mission of the Adult Congenital Heart Association (ACHA) is to improve and extend the lives of the millions born with heart defects through education, advocacy and the promotion of research. If you would like to find out more about our programming, visit our website, www.achaheart.org. To support ACHA's mission to improve and prolong the lives of heart defect survivors, you can make a donation on our website.

This webinar was made possible in part by unrestricted educational grants from Actelion Pharmaceuticals US, Inc., Gilead Sciences, and St. Jude Medical Foundation.
