2nd Annual UCLA Solid Organ Transplant Symposium: Addressing the Organ Shortage, Expanding Access and Bridging Gaps During A Pandemic

Course Description

The UCLA Solid Organ Transplant Symposium is a virtual conference coordinated through UCLA Health Department of Transplant Services; the UCLA Office of Continuing Medical Education and the UCLA Transplant Multi-Disciplinary teams. The goal of this program is to provide a forum for UCLA Transplant multidisciplinary team experts to discuss the organ shortage crisis and explore recent expansion of donor/criteria options that may help attenuate the gap between the supply of and demand for organ donors, while striving for ethical management of a scarce resource, in the midst of the COVID-19 pandemic.

Target Audience

The target audience for this symposium is health care professionals who provide care for patients pre- and post-transplant including: Heart, Lung, Liver, Kidney, Pancreas and Intestinal/Multivisceral transplantation. The symposium content is designed for local community physicians, transplant nurses, transplant nurse coordinators, administrators, nurse practitioners, pharmacists, social workers, dietitians and all members of the transplant team to guide and improve their clinical practice and patient management during all phases of transplantation.

Learning Objectives

Following completion of the course, attendees should be able to:

- Discuss evolving indications for liver transplant including liver-heart and extended criteria for hepatocellular carcinoma candidates
- Explain the challenges and impact of COVID-19 on management of transplant patients
- Educate patients regarding new donor options that may help decrease the wait for solid organ transplant
- Identify measures to assist potential pre-transplant patients in overcoming psychosocial barriers to achieve successful transplant outcomes
- Debate the opportunities and challenges of the current state of organ allocation

Accreditation Statement

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, designates this live activity for a maximum of 5.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The California State Board of Registered Nursing accepts courses approved by the AMA for category 1 credit as meeting the continuing education requirements for license renewal. Nurses from states other than California should inquire with their local State Board for specific continuing education policies.

Disclosure Statement

The FDA has issued a concept paper that classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is truly independent and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program's participants. In addition, Accreditation Council for Continuing Medical Education policy mandates that the provider adequately manage all identified potential conflicts of interest prior to the program. UCLA fully endorses the letter and spirit of these concepts.

The American Board for Transplant Certification (ABTC) has approved this educational offering for up to 5.25 Category One Continuing Education Points for Transplant Certification (CEPTCs).
