Webinars Presents:

Coronavirus and the CHD Patient

Monday, March 16, 2020, 5:30 p.m. - 6:30 p.m. EDT

Presenters: Aric Gregson, MD, FIDSA,
and Jamil Aboulhosn, MD

About the Webinar

Do you want to learn more about the novel coronavirus disease (COVID-19) and how it might affect you, the CHD patient? Do you want to know how to prevent it, what the symptoms are, and how to treat it? If so, you don't want to miss the webinar. Dr. Aric Gregson, Infectious Disease Specialist, and Dr. Jamil Aboulhosn, Director of the Ahmanson/UCLA Adult Congenital Heart Disease Center, will discuss the facts of COVID-19 and dispel the fiction. Register today to learn more and participate in the Q&A session during the webinar.

About the Presenters

Dr. Aric Gregson is an infectious disease specialist in the Los Angeles area. He specializes in immunocompromised patients and has treated recent cases of COVID-19 in Southern California.

Dr. Jamil Aboulhosn, chair of the ACHA Medical Advisory Board, is the Director of the Ahmanson/UCLA Adult Congenital Heart Disease Center. Dr. Aboulhosn is on the writing committee for the American College of Cardiology/American Heart Association Guidelines on Adult Congenital Heart Disease. He also serves on the ACHA Program Accreditation Steering Committee.

About the Adult Congenital Heart Association

The Adult Congenital Heart Association (ACHA) is a national not-for-profit organization dedicated to improving the quality of life and extending the lives of adults with congenital heart disease (CHD). ACHA serves and supports the more than one million adults with CHD, their families and the medical community—working with them to address the unmet needs of the long-term survivors of congenital heart defects through education, outreach, advocacy, and research. For more information about ACHA, contact (888) 921-ACHA or visit www.achaheart.org.
