# COLD THERAPY

## COLD RUSH

The Cold Rush provides consistent cooling and excellent compression, even at high elevation, and is easy to use. The brushless motor produces relief while quiet enough to allow the patient to get the rest they need for proper rehabilitation.

### FEATURES:

- Provides relief for up to 6 continual hours.
- Has a unique locking lid to prevent spills.
- The insulated walls improve cooling.

## Service & pricing

- ♦ Six week rental @ \$150.00 : Technician Drop Off and face to face instruction with certified Technician.
- ♦ Drop Ship to your door step @ \$233.00 : Phone instruction with certified Technician, Tax included.
- ♦ Technician Drop Off @250.00 : Face to face instruction with certified Technician, Tax included.
