

## Picture Your Plate

## Please answer these questions to help us identify your eating habits:

Consider what and how you have been eating during the past month. If you've had a recent health event, please answer by describing your usual eating habits before that event.

Your answers to these questions will help us understand your usual food choices.

- The questions are about commonly eaten foods:
- how many servings of a food you eat -- either in a 'usual' DAY or an 'average' WEEK
- how foods are prepared
- how certain situations affect your choices
- A specific serving size for a portion of each type of food is listed. Picture your usual serving size: is it larger or smaller than the portion listed?
- Note the abbreviations used: Svgs = serving or Wk = week
- Circle the answer that best describes your USUAL eating habits.
- Leave any "Score: $\qquad$ " blank. The score will be calculated later.

Thank you for helping us Picture Your Plate!

## Vegetables \& Fruits

In an average DAY, how many servings of VEGETABLES do you eat?
(A serving is $1 / 2$ cup cooked vegetable or 1 cup raw green leafy vegetable like lettuce.)

1. Count all vegetables, include fresh, frozen and canned vegetables and $100 \%$ vegetable juice and tomato sauce

| $4+$ | $2-3$ |
| :---: | :---: |
| svgs/day | svgs/day |

0-1
svgs/day svgs/day
svg/day
In an average DAY, how many servings of FRUIT do you eat?
(A serving is one small piece of fruit, $1 / 2$ cup cut-up fresh, frozen or canned fruit, $1 / 2$ cup of unsweetened $100 \%$ juice or $1 / 4$ cup dried fruit.)

| 2. Fresh, unsweetened canned, unsweetened frozen, unsweetened $100 \%$ juice, or dried fruit like raisins. | 3+ | 2 | 0-1 |
| :---: | :---: | :---: | :---: |
| 3. Do you eat fruit canned in heavy syrup or add sugar to your fruit? | Rarely or never | Sometimes | Often |

Now, think about different kinds of vegetables you eat every WEEK.
In an average WEEK, consider your vegetable intake: how many of these vegetables do you eat?
(A serving is $1 / 2$ cup cooked vegetables or 1 cup raw green leafy vegetables.)

| 4. Dark-green vegetables like collard greens, spinach, kale, <br> broccoli and dark-green lettuces (like romaine) | $2+$ <br> svgs/wk | 1 <br> svg/wk | 0 <br> svgs/wk |
| :--- | :---: | :---: | :---: |
| 5. Red and orange vegetables like tomatoes, tomato juice, <br> red and orange peppers, beets, radishes, carrots, <br> sweet potatoes and winter squash (such as butternut) | $7+$ | $4-6$ | $0-3$ |
| 6. Starchy vegetables like corn, green peas, lima beans, <br> white potatoes, plantains and cassava | $0-10$ | $11-14$ | $15+$ |

Score $\qquad$

## Breads, Grains \& Cereals

In an average DAY, how many servings of BREAD do you eat?
(A serving is 1 slice of bread, $1 / 2$ bun, 1 small tortilla, 1 roll, 1 small biscuit, or one 2" square slice of cornbread.)

| 1a. Bread, rolls, or tortillas (wheat or corn) made with whole grain <br> (label will list "wholegrain" or "whole wheat flour" first) | $\mathbf{2 +}$ <br> svgs/day | $\mathbf{1}$ <br> svg/day | $\mathbf{0}$ <br> svgs/day |
| :---: | :---: | :---: | :---: |
| b. Bread, rolls, biscuits, tortillas, or quick breads (cornbread, <br> muffins, pancakes, waffles) made all or mostly with white flour <br> (label will usually list "enriched wheat flour" or "wheat flour" first) | $\mathbf{0}$ | $\mathbf{1}$ | $\mathbf{2 +}$ |

Now, think about foods you eat every WEEK.
In an average WEEK, how many servings of GRAINS and CEREALS do you eat?
(A serving is $1 / 2$ cup of rice, pasta, or cooked cereal such as oatmeal.
Serving sizes for cold cereals are usually between $1 / 2$ cup and 1 cup, depending on the cereal.)

| 2a. Brown rice, whole grain pasta, or other whole grains, like barley | $\mathbf{3 +}$ <br> svgs/wk | $\mathbf{1 - 2}$ <br> svgs/wk | $\mathbf{0}$ <br> svgs/wk |
| :--- | :---: | :---: | :---: |
| b. White rice or regular pasta, like noodles, spaghetti or macaroni | $\mathbf{0 - 1}$ | $\mathbf{2}$ | $\mathbf{3 +}$ |
| 3a. Cold or hot whole grain cereals, like bran flakes or oatmeal | $\mathbf{3 +}$ | $\mathbf{1 - 2}$ | $\mathbf{0}$ |
| b. Regular cold or hot cereals, like sugar frosted flakes, <br> cocoa cereals, grits or cream of wheat | $\mathbf{0}$ | $\mathbf{1 - 2}$ | $\mathbf{3 +}$ |
