

COGNIFITNESS

Keeping the mind moving

If you have multiple sclerosis, are noticing mild cognitive problems, and answer **YES** to any of the following questions, then this 4-week program may be for you.

- Do you find it difficult to focus on a task without getting distracted?
- Do you have difficulty finding words or finishing your sentences?
- Do you often have a hard time keeping track of activities or appointments?

Realize your optimal thinking skills utilizing techniques that have everyday applications.

- Facilitate focus and concentration
- Improve memory using new strategies
- Improve organization, problem solving & critical thinking skills

Program Cost:

We are committed to making 'Cognifitness' accessible to as many individuals with MS as possible. To cover operational expenses and ensure the highest level of service, there is a nominal program fee of \$20 for the entire 4-week duration. We believe this investment in your well-being will yield invaluable benefits in the long run.

Classes start
February, July and October
Virtual
