UCLA Department of Urology

Presents

49th Annual UCLA State-of-the-Art Urology Conference

Friday - Sunday
March 1-3, 2024

UCLA Meyer & Renee Luskin Conference Center
Los Angeles, California
This course explores the most challenging management problems facing the practicing urologist. Distinguished faculty present current information and techniques in urologic oncology (prostate, bladder, kidney), male and female voiding dysfunction, incontinence, urinary tract infection, BPH surgical therapies, stone disease, penile implants, hypogonadism, prostate cancer focal and radiation therapy, perineal prostate biopsy, active surveillance, genetic testing, advanced prostate cancer therapy, non-muscle invasive bladder cancer, upper tract TCCA, renal and adrenal tumors, practice management, urethral stricture disease, and gender affirming care. The conference emphasizes interaction between participants and faculty and allows ample time for case presentations and group discussions, ensuring an outstanding educational experience for attendees.

At the completion of this program, participants should be better able to:

- Tailor BPH surgical therapy
- Perform penile implant surgery and manage complications
- Manage hypogonadism with novel therapies
- Utilize perineal biopsy in clinical practice
- Manage prostate cancer recurrence after primary therapy
- Perform continence sparing techniques during radical prostatectomy
- Utilize focal therapy for prostate cancer
- Manage advanced prostate cancer
- Manage non-muscle invasive bladder cancer
- Manage patients with upper tract urothelial cancer
- Perform partial nephrectomy
- Manage adrenal lesions
- Manage the spectrum of kidney cancer including the small renal mass
- Manage male and female voiding dysfunction including pelvic floor dysfunction
- Manage post-prostatectomy incontinence
- Utilize supplements for UTI prevention
- Manage kidney stone disease and stones during pregnancy
- Perform mini-percutaneous stone surgery
- Inject xiaflex and manage the complications
- Understand important aspects of gender affirming care
- Manage urethral stricture disease
- Manage your practice in an ever-changing environment

A few days before the meeting you will be emailed a link and a password to download the individual speaker handouts.

Disclosure
The FDA has issued a concept paper that classifies the commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. Along with independence, the FDA requires that non-promotional, commercially supported education be objective, balanced, and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. In addition, Accreditation Council for Continuing Medical Education policy mandates that the sponsor adequately manage all identified potential conflicts of interest prior to the program. We at UCLA fully endorse the letter and spirit of these concepts.

The Department of Urology is a California Board of Nursing approved provider (#6888).
