

ACHA Webinars Presents:

Grassroots Advocacy Update 2015

Tuesday, October 6, 2015, 7 p.m. – 8 p.m. EDT

Presenters:

**Danielle Stephens, Johanna Gray, MPA,
Erika Miller, JD, Kathryn G. Schubert, MPP**

About the Webinar

Make your voice heard! Whether you've done this before, or you want to learn more about our advocacy program, join us for our ACHA Grassroots Advocacy Update 2015 webinar. You will learn about our 2014 accomplishments and get an update on our priorities for 2015. Plus, learn how you can get involved, whether visiting your lawmakers with us in Washington, DC on February 1-2, 2016 or from the comfort of your own home at any time throughout the year. If you are interested in advocacy and how federal policy affects those with congenital heart disease, this is an excellent opportunity to learn more about our issues and ask questions about this exciting initiative. Join ACHA's government relations experts with Cavarocchi, Ruscio and Dennis (CRD) as we explore grassroots advocacy! Register today.

About the Presenters

Danielle M. Stephens, is ACHA Director of Programs. In her role she is responsible for program design and management; professional membership; research, evaluation and quality assurance; and leadership and team management. She will be joined by Cavarocchi, Ruscio and Dennis (CRD) representatives Vice President Johanna Gray, MPA, Senior Vice President Counsel Erika Miller, JD, and Vice President Kathryn G. Schubert, MPP. Together they have decades of experience in health policy and government relations and work to help clients develop and implement successful advocacy strategies involving Congress and federal public health agencies.

About the Adult Congenital Heart Association

The mission of the Adult Congenital Heart Association (ACHA) is to improve and extend the lives of the millions born with heart defects through education, advocacy and the promotion of research. If you would like to find out more about our programming, visit our website, www.achaheart.org. To support ACHA's mission to improve and prolong the lives of heart defect survivors, you can make a donation on our website.

This webinar was made possible in part by unrestricted educational grants from Actelion Pharmaceuticals US, Inc., Gilead Sciences, and St. Jude Medical Foundation.
