

ACHA Webinars Presents:

Pulmonary Hypertension in the Adult with Congenital Heart Disease

Monday, June 24, 2013, 8 p.m. – 9 p.m. EDT

Presenter:

Jamil Aboulhosn, MD, FACC, FSCAI

About the Webinar

Are you an adult congenital heart disease (ACHD) patient who has been told you have pulmonary hypertension (PH) or high blood pressure in your lungs? Would you like to learn more about what that means? If so, attend this webinar and hear national PH expert Dr. Jamil Aboulhosn talk about lung issues in ACHD, available treatments and what you can do to improve your quality of your life and live your life to the fullest.

About the Speaker

Dr. Jamil Aboulhosn is the director of the Ahmanson/UCLA Adult Congenital Heart Disease Center and is a specialist in ACHD, pulmonary hypertension, and interventional congenital cardiology. He is widely published in the area of pulmonary hypertension and congenital heart disease and treats a large population of patients with these conditions. He is a member of the ACHA Medical Advisory Board.

About the Adult Congenital Heart Association

The Adult Congenital Heart Association (ACHA) is a nonprofit organization that seeks to improve the quality of life and extend the lives of congenital heart defect survivors. Through education, outreach, advocacy and promotion of research, ACHA serves and supports the more than 1.8 million individuals with congenital heart defects, their families, and the medical community. If you would like to find out more about our programming, visit our website, www.achaheart.org. To support ACHA's mission to improve and prolong the lives of heart defect survivors, you can make a donation on our website.

This webinar was made possible in part by an unrestricted educational grant from Actelion.
