SCRN MG online scheduling, appointment reminders, patient preps & full reports: my.uclahealth.org
Upload prior images: uclahealth.org/radiology/send-images

Patient Name	Date
DOB	Pt Phone
Print Label if Available	

Mammography Instructions

- All locations offer the choice of 3D SCRN MG (tomosynthesis screening mammogram)
- If this is your first visit, **It is very important to bring previous images.** Please bring or upload a CD even if you have brought one to another UCLA Health clinic.

Mark location of concern

Reason for study (Dx), clinical history & questions for the radiologist:

IMAGING PROCEDURES

1. Asymptomatic breast cancer screening

- Bilat 3D SCRN MG
- Patient has breast implants

2. Asymptomatic high risk breast cancer screening

- Bilat 3D SCRN MG and MRI bilat breast with contrast
- Bilat 3D SCRN MG and bilat screening US (only indicated for high risk patients if MRI is contraindicated. NOT recommended for screening of average risk patients, even for women with dense breasts)

3. Symptomatic: < 30 years old

Diagnostic breast US: Bilat Left Right

4. Symptomatic: ≥ 30 years old

Diagnostic MG & breast US: Bilat Left Right

5. Breast implant rupture assessment

- MRI bilat breast wo con (No malignancy assessment)

6. Follow-up for abnormal breast imaging findings

	Bilat	Left	Right
Diagnostic breast MG*			
Diagnostic breast US			
MRI breast with con			

*Dense breast tissue is not an indication for Diagnostic MG. Please order 3D SCRN MG.

Diagnostic US is performed for symptoms or follow-up of abnormal imaging findings (i.e., not for dense breast tissue or history of cancer). Whole breast screening US will not be performed and must be ordered and scheduled separately if medically indicated.

7. Symptomatic male patients

- Bilat diagnostic mammogram

8. Other exams

- Ultrasound Pelvic (non-OB)
 Abdomen
 Thyroid
 Carotid duplex venous study:
 Upper extremity
 Lower extremity
- DXA DXA lumbar spine + hip

print

signature

- I authorize additional breast imaging and/or core needle biopsy/aspiration if indicated.
- I opt-out from authorizing the radiologist from modifying the parameters of this test (including contrast) as medically necessary based on the clinical indications for the study. By checking this box and opting-out, I will have to resubmit a new order if changes are recommended.

uclahealth.org/radiology – Locations and Services

The Department of Radiology includes many convenient locations and unique subspecialty services to improve the lives of patients every day. Our goal is to provide patient centered care, superior diagnostic access and optimal treatment expertise.
