

The California Healthy Nail Salon Collaborative is sponsoring the following bills in Sacramento to make salons healthier and more just:

1) *Assembly Bill 2125 (Chiu)*: Will help ensure that Healthy Nail Salon Recognition Programs (HNSRP) spread throughout California and will result in more workplaces that are healthier for nail salon workers, owners, and consumers. AB 2125 requires that the California Department of Public Health will:

- Conduct outreach to local governments on implementing HNSRPs in their areas;
- Publish program guidelines for implementing HNSRPs;
- Develop and implement a consumer education program.

2) *Assembly Bill 2025 (Gonzalez)*: Provides better education on labor laws for the nail and hair salon and barber community, and improved language access for Spanish and Vietnamese limited English speakers, including:

- Greater knowledge of labor laws by BBC-licensed owners of establishments, including nail salons, via the Board's application process;
- Workers' rights education for all BBC newly licensed professionals;
- Increased language access to information and materials, including on labor issues, through the BBC.
