

## PLEDGE TO STAND TOGETHER, LOS ANGELES!

STAND-L.A. is an environmental justice coalition of community groups that seeks to end neighborhood drilling to protect the health and safety of Angelenos on the front lines of urban oil extraction.

*By signing this pledge card, I:*

- Agree that neighborhood drilling should not occur near residential communities and threatens public health.
- Pledge to STAND with my fellow Angelenos to make a safe, sustainable future for L.A. neighborhoods.
