Searching for Safety Data Sheets

Click on SDS from the General Resources menu on the www.mednet.ucla.edu website. SDS is located near the bottom of menu. Or go directly to https://ehs.ucop.edu/sds/#/.
Searching for Safety Data Sheets

The first screen to appear is the Safety Data Sheets page. This page provides several SDS databases as options. Left click on the [UC SDS Search] link.
Enter chemical name in the search field and click on magnifying glass icon

Searching for Safety Data Sheets

Click on any appropriate link provided by the search database to open a SDS associated with the chemical being referenced.
Safety Data Sheet Resources

You can use this page to find Safety Data Sheets and additional sources of chemical hazard information.

Search for SDS and EH&S Information

UC SDS Search
A customized Google search focusing on returning Safety Data Sheets using your search terms. Please include the letters ‘sd’ after your chemical name to get safety data sheets.
